

## **Hotel Oceana Santa Barbara offers value package for stylish beach bums with a sense of adventure and great taste in wines**

**Santa Barbara, CA** - Santa Barbara's newest beachfront boutique hotel offers "Ocean to Vineyards" a back-country wine tour package designed for couples who'd like to explore Santa Barbara from its beaches to its famed wine region.

Hotel Oceana has teamed up with Cloud Climbers Jeep Tours to offer guests an adventure from the beach to one of the most important emerging wine regions in the country. Guests will experience Santa Barbara's Wine Country with a professional driver from Cloud Climbers Jeep Tours, [www.ccjeeps.com](http://www.ccjeeps.com), who will guide them in a custom Jeep Wrangler, allowing wide-open, mountain and ocean views along back-country roads and oak-shaded canyons. Passengers will discover insights about area history, wildlife and Santa Barbara County's wine industry as they venture through the Santa Ynez Mountains, past Lake Cachuma and into the Santa Ynez Valley, heart of the Santa Barbara Wine Region. The six-hour tour features stops at four of the area's finest wineries to sip and savor a variety of award-winning wines. Patrons will be invited to discuss their wine preferences with their guide; ensuring winery visits are compatible with their personal taste. Mid-day, a casual gourmet picnic lunch for two is served in one of the many picturesque vineyards. After a leisurely afternoon of wine sampling, head back to the ocean with your "designated driver" guide, via mountain passes near Reagan Ranch and along the Pacific. A keepsake 16-ounce connoisseur wine glass is given as a souvenir reminder of this delicious journey. All tasting fees as well as door to door pick-up and drop-off at Hotel Oceana are complimentary. Upon return to the hotel, guests may walk across the boulevard to feel the warm sand and enjoy a colorful California sunset.

This package includes a guest room with king bed, Sunday through Thursday, from \$449 per couple. Subject to room availability with advance reservations. For reservations or more information call (800) 965-9776 or visit [www.hoteloceana.com](http://www.hoteloceana.com).

*About Hotel Oceana: Opened in April 2002, each of the hotel's 122 guest rooms and suites highlight a décor reminiscent of a chic beach summerhouse. Decorated by renowned interior designer Kathryn Ireland, the guestrooms and common areas feature the ambiance of a small European inn combined with the amenities of an American hotel. Each guestroom features one of four color schemes in blues, yellows, reds or greens, and offers an understated, coastal feel. All guest rooms have panoramic views of either the Pacific Ocean or interior courtyard gardens. In-room amenities include crisp Frette linens, Aveda™ bath products, hair dryer, CD player, data port and WiFi access. Additional property amenities include two heated swimming pools, cabanas, outdoor Jacuzzi, ocean view fitness center, spa, ocean view outdoor living room and secluded patios.*

**About Oceana Hotel Group:** Hotel Oceana Santa Barbara is owned and managed by Oceana Hotel Group. Sister hotels include The Hotel Roger Williams in New York City and Hotel Oceana Santa Monica in California.
