

Oceana Santa Monica Unveils Exclusive Dessert

Featuring Il Laboratorio del Gelato

Imported from New York City

Only Place in Southern California to Offer Decadent Delight

SANTA MONICA, CA – Hotel Oceana Santa Monica, one of the area’s most exclusive and luxurious hotels, continues to provide guests with the “best of the best” to create a memorable experience in every way. Just added to the menu is the Oceana American Classic Banana Split featuring three flavors of il laboratorio del gelato. This delightful dessert will be prepared and served only at the Oceana Lounge, a private dining room open only to hotel guests and overseen by world renowned Restaurateur and Hotelier Jonathan Morr of famed Bond Street in New York City.

The Oceana American Classic Banana Split is first prepared using three flavors of the handmade gelato including vanilla, strawberry and dark chocolate, each flavor is paired with a complimentary treat including fresh pineapple and strawberry compote made daily as well as imported 71 percent Valhrona chocolate mixed with cream to create a decadent ganache. For the perfect finish, each split is topped with hand-whipped cream, fresh ground walnuts and a cherry imported from Italy.

In addition, a selection of the gelatos which are created in a laboratory in lower Manhattan and delivered weekly to the hotel, will also be available in flavors such as Vanilla, Dark Chocolate, Strawberry, Espresso, Caramel, Honey Crisp Apple and Mexican Cinnamon, and sorbets in Grapefruit Campari, Concord Grape, Cranberry and Green Apple, just to name a few.

Since undergoing a multi-million dollar complete makeover earlier this year, this intimate luxury hotel has been transformed into a private oasis in which only hotel guests will have access to experience an elevated level of luxury, privacy, service and attention. Oceana Santa Monica now offers 70 luxurious suites, with one third providing breath taking views of the ocean. Guests will enjoy a heightened level of luxury from the spacious size of the rooms to the many custom designed elements throughout the hotel.

For reservations call (800) 777-0758 or email reservations_sm@hoteloceana.com.
